Alumni News

Dr. Stanley Stealy will be our honored guest at the Banquet on Saturday, May 30th. This honor is given to show our appreciation for many years of faithful community service. Drs. Keyport and Clippert have both been presented with plaques for this. Now we have chosen one who has been more than faithful to the community, and who seems to have had a soft spot in his heart for the school. He came here in 1932 to start work at the school with the Couzens Fund and later went on to private practice. We think he has earned this honor.

The Junior Class will serve the Banquet under the chairmanship of Mr. and Mrs. Don Ferguson. Service will start at 7 P. M.

Our Treasurer Ed Funkh is in Butterworth Hospital, Grand Rapids with a spinal ailment. We all wish him a speedy recovery.

The regular meeting of the Alumni Directors was held on Wednesday night. This meeting was for the final planning and to count votes for the student who will receive the annual Roy O. Milnes Award. My last word to you next week. Keep the date in mind. Banquet, May 30th and the ticket deadline, May 23rd.

An Open Letter To Legionnaires

Suppose that this will be my last letter but have to get it off my chest regardless.

To start out, we are holding our annual Memorial Day parade May 30th, and from all indications it is going to be a real flop, when we can't get out more than 5 or 6 to a parade. What can we expect to turn out for a little work, like walking all the way to the cemetery and back of course most of us will be there in spirit, like for instance standing on the street watching and cheering the bands that turn out, but that doesn't help our parade much, but that's the way it turns out year after year, just ask yourself how many times have you stood on the street or a corner and watched the fellows go marching by?

But have you ever stopped to think that when you were hailed in the parade what did you think of the ones who stood by and watched you go by? And I'm sorry to say, a lot of those who marched then, didn't have a chance to come back to the parade grounds somewhere.

face they made, and merely walking to the cemetery and back, is that asking too much of each of you now?

It is written someplace "That little child will lead them" this is wrong, for just compare the number of children that turn out to help us against the few who are supposed to know what the day means, that turn out. There is a name for it but I just can't recall it right now. How many times have we said of this and that comrade, "he was a swell guy," or words to that effect, and how long did it take for you to forget about him afterwards?

What we are trying to do is show, in our small way that they are not forgotten. Is asking you to turn out for an hour or so too much to ask, for this one day of the year? Then you can crawl back in your hole and forget it for another year.

Transportation will be available for those unable to stand the walk. Think this is enough, maybe on to the new elementary school in September.

MAY BRINGS POPPY DAYS

The Poppies still bloom in all of their meaning. Lead the way. Wear a Poppy in May and make it a Poppy over every remembering heart.

The Poppy is made of four petals. Petal One is Sacrifice, petal Two is Service, petal Three is the Manufacturers of Poppies. These are all made by hand by the disabled Veterans of Michigan. Petal Four is how we spend our Poppy money. These four petals form the Poppy. We offer to the public in the month of May this memorial flower of the American Legion and the American Legion Auxiliary.

The Auxiliary will once more be selling the Poppy on the streets of Grayling on May 21, 22 and 23. The Poppy is our symbol of our debt for the past three wars. So wear a Poppy this May over your heart, for both the dead and the living American servicemen. Wearing the Poppy is our means of saying "Lest We Forget."

Vikings End Track Season

The Grayling High track season came to an abrupt end as the Vikings decided against entering the Regional Track Meet at Traverse City last Saturday as all of the seniors were away on the senior trip. A meeting on Monday of the team and coach also decided to skip the Petoskey Relays set for Tuesday of this week.

The seniors felt that after several days of layoff they could not get back in shape again by Tuesday for real keen competition. In that no Viking was qualified at Saturday's meet, none can enter the State Meet at Mount Pleasant this Saturday.

Coach Bruce Smith announced that he would issue 15 letters to team members this season in track. They will be: Bill Joseph, Jim Young, Gary Lucksted, Terry Smith, Carl Feldhauser, Richard Smith, Randy Thompson, Walt Nielsen, Dick Lobsinger, John Sorenson, Steve Dawson, Bob Wyman, Bill Tinker, Terry Wright and Mark Day.

Joseph was top scorer this season for the Vikings with 81 points. Lucksted added 65 and Young 64. Twenty-one points was next high and was turned in by Richard Smith and Sorenson. Feldhauser scored 15, Terry Smith 14, Mark Day, Thompson, and Nielsen 8 each, Wright 7, Dawson and Wyman 6 each and Tinker 5 points.

Mrs. Hatt, the conservation chairman, suggested tame geese and water lilies along the river at the city park as a club project. Further details are to be worked out.

The next meeting is to be June 15th.

Response To July 4th Fund Excellent

Fire Chief Frank May reports the response to the Department's solicitation of funds from the business places last week as excellent. Individuals also made contributions during the visitation period, and Chief May extends the Department's thanks to all those who have contributed. A concluding visit will be made this weekend, probably on Friday, to those places not included in last week's tour, first because the funds will enable the Department to meet all anticipated expenses and to provide a full program of activities, and second, they do not wish anyone to feel slighted or over looked.

Chief May stated that following the Fourth celebration he will publish a complete accounting of everything taken in from the Department's own efforts and everything from contributors, to show the cost of the entire program.

The sale of extinguishers began last weekend and is going well. Individuals wishing them should contact the Department.

Competition in the six regional races is expected to be so much keener this year than ever before. The area served by the Grayling races covers parts of Kentucky, Illinois, Wisconsin, Minnesota, Ohio, Indiana, Michigan, Iowa and Tennessee.

Races will be held for 17 different classes of cars.

Race officials said expected was a crowd numbering upwards of a 1,000 persons to attend. But they warned the airport track does not have facilities to accommodate spectators.

Due to safety factors, the spectators are kept along one straightaway stretch of the track, it was said.

A full and complete list of the races and much other information is contained in a program which the sports car committee of the Crawford County Chamber of Commerce has had published. It will be available at the scene of the races on the weekend.

Vikings End Track Season

The Grayling High track season came to an abrupt end as the Vikings decided against entering the Regional Track Meet at Traverse City last Saturday as all of the seniors were away on the senior trip. A meeting on Monday of the team and coach also decided to skip the Petoskey Relays set for Tuesday of this week.

The seniors felt that after several days of layoff they could not get back in shape again by Tuesday for real keen competition. In that no Viking was qualified at Saturday's meet, none can enter the State Meet at Mount Pleasant this Saturday.

Coach Bruce Smith announced that he would issue 15 letters to team members this season in track. They will be: Bill Joseph, Jim Young, Gary Lucksted, Terry Smith, Carl Feldhauser, Richard Smith, Randy Thompson, Walt Nielsen, Dick Lobsinger, John Sorenson, Steve Dawson, Bob Wyman, Bill Tinker, Terry Wright and Mark Day.

Joseph was top scorer this season for the Vikings with 81 points. Lucksted added 65 and Young 64. Twenty-one points was next high and was turned in by Richard Smith and Sorenson. Feldhauser scored 15, Terry Smith 14, Mark Day, Thompson, and Nielsen 8 each, Wright 7, Dawson and Wyman 6 each and Tinker 5 points.

Woman's Club

The Woman's Club met Monday evening at the club house.

Mrs. John Latusek introduced the program which featured piano solos by Mary Elizabeth McNamara and Mary Lee Marshall.

President, Mrs. Glen Fenton presided at the business meeting that followed.

Mrs. John Ludeman, chairman of the "Xmas Around the World" fair, announced Friday, December 4 and Saturday the 5th as tentative dates for a joint project of the club and W.S.C.S. of Michelson Memorial church.

Mrs. Dale Hatt was announced as new first vice-president since Mrs. Latusek resigned from the post which she has held for the past year.

The club voted to give a money donation to the Firemen's July 4th celebration.

Mrs. Hatt, the conservation chairman, suggested tame geese and water lilies along the river at the city park as a club project. Further details are to be worked out.

Mrs. Emma Knibbs and Mrs. Harry Sorenson were lunch hostesses. They decorated the refreshment table with a yellow floral centerpiece and matching tapers.

The next meeting is to be June 15th.

Response To July 4th Fund Excellent

Fire Chief Frank May reports the response to the Department's solicitation of funds from the business places last week as excellent. Individuals also made contributions during the visitation period, and Chief May extends the Department's thanks to all those who have contributed. A concluding visit will be made this weekend, probably on Friday, to those places not included in last week's tour, first because the funds will enable the Department to meet all anticipated expenses and to provide a full program of activities, and second, they do not wish anyone to feel slighted or over looked.

Chief May stated that following the Fourth celebration he will publish a complete accounting of everything taken in from the Department's own efforts and everything from contributors, to show the cost of the entire program.

The sale of extinguishers began last weekend and is going well. Individuals wishing them should contact the Department.

The Grayling P.T.A. meets Monday night, May 25th, at 8:00 p.m. in the High School gym. The program will be the installation of officers, and a report on the progress of the school improvement program.

A dinner for the old and new officers will be given at 6 o'clock in the gym. Chairmen are Mrs. Robert Lovell and Mrs. Jack Fenton. The main course will be moose meat furnished by P.T.A. President Carroll Wert. Everyone is asked to bring their own table service.

Among those here to attend the final rites for Eggie Bugby were Mr. and Mrs. Robert Bugby of Flushing, the Charles Davids and daughter Claire of Flint, Mr. and Mrs. Lee Perrigo and children Lee and Robert of Saginaw, Mr. and Mrs. Roy Piper of Princeton, Ill., Mr. and Mrs. James Bugby of Mancelona, Mr. and Mrs. George Bugby of Pinconning, Mr. and Mrs. Alfred Marquette of Lansing, Mr. and Mrs. George Markwart of Royal Oak, Mr. and Mrs. Monroe Porter of Flint, Abe Renshaw of Flushing, Mr. and Mrs. Jerry Keyworth of Flint, Mr. and Mrs. Oscar Schnelker of Roscommon, Mr. and Mrs. Vern Hogan of Saginaw, Mr. and Mrs. Julius Harvey of Owosso and Fred Fraiser of Corunna. Mrs. Bugby accompanied her daughter, Mrs. Roy Piper, to her home on Thursday.

Michael Brady, who has spent the past 5 years at Maracaibo, Venezuela, has been transferred by the Gulf Oil Company to Nigeria, Africa. Mike was home for four weeks with his mother, Mrs. John Brady, and left Sunday, the 10th with his brother Bob and wife for Detroit, going on to New York. He left there Tuesday the 12th at 7 o'clock, for Lagos, Nigeria. The Bob Bradys had spent the weekend with Mrs. Brady and the George Skinners.

The Fire Department was called out Tuesday at 12:45 p.m. when a fire started in a shed outside the Claude Halstead home at Lake Margrethe, of unknown origin. It was out by the time the equipment reached the home; because a Guard Camp truck had also been called and had put the fire out, being closer to the scene. Both the shed and material stored in it were largely saved.

Mr. and Mrs. A. L. Roberts are expected home this weekend. He has been on his quarterly inspection trip in the U. P. and Wisconsin, and Mrs. Roberts is spending the time with her daughter and husband, Mr. and Mrs. Clifton Harvey in Flint.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Local Student Rates High In State Test

Kay Jansen, daughter of Mr. and Mrs. Don Jansen, second year Spanish student at Grayling High school, placed among the top 6 students in Michigan in the National Spanish exams with a score of 91. The National Spanish exams are given the first part of April each year, and are very difficult, in order to discover the top students. They consist of three parts: first, aural comprehension of Spanish spoken by natives at a normal speed; second, usage, correct grammar; and third, reading.

The results of the exams nationally will not be published until fall, but Michigan results are usually pretty equivalent to national results.

Troop 78 made an overnight camp at Lost Lake in the northwest corner of the county on May 1 and 2, twelve boys taking part. This included a five-mile hike for credit on their Second Class requirement.

Open Letter To Legionnaires

(Continued from Page One)
our regular election of officers at our next regular June meeting on June 8th, with just five or six present it makes it tough to get the right men in the right place, and unless you turn out for it, there's really no sense in holding any election, why don't we all just stay home and watch TV or whatever you do? We have to hand it to the few that do turn out to keep things moving, for it's a known fact that without our veteran's organizations we would be in a darn bad shape, in a lot of ways, so why not come out and help us get the right men on the jobs.

A lot of you will say "I have only one vote and it don't count" but when you count all of these up you will be surprised; consequently we just keep on with the idea of "let George do it," and its not being done, or you will say "what's the use, they do as they please anyway" but the answer to this is that you are all wrong, for if you come out and have your say, it has to be done, for you are the bosses really, but it can't be done sitting home on meeting nights.

Well this is about all I can think of right now, so better ring off before this paper starts to burn, so I ask to each of you: PLEASE TURN OUT AND LEND US A HAND.

CITY MANAGER'S NOTES

What is a fire hydrant used for? To the average layman, "What is a hydrant used for?" the answer would be "to fight fire". Most people would consider this a complete reply and not even think that the hydrant has other uses. Listed are some of the other uses for hydrants:

For flushing and washing streets — for flushing sanitary sewers — for filling water tanks — for obtaining water for analysis by the State Laboratory. Hydrants are used to flush the mains street on which a water main is located. They are used as airlocks to permit air to escape from mains, or as a breaker to allow air to enter a main when draining mains. They are used as sounding posts to detect leaks, and they are used to establish different pressures in various districts. Hydrants are used to chlorinate new mains, or reconditioned mains, and are used by school children for car washing projects.

The public image of the fire hydrant being what it is, an ominous "no parking" sign that earns the scorn of the lowliest mongrel dog, perhaps it would be best to let the Fire Department take the credit for its ownership. On the other hand, the Water Department can counteract this image with all the praise the lowly hydrant deserves.

Letters To The Editor

Mr. Bob Strong
Crawford County Avalanche
Grayling, Michigan

Dear Mr. Strong,

I would like to take this opportunity to thank the Student Exchange Council for selecting me as Grayling's exchange student and the various organizations who have made this program possible with their generous contributions.

It is a great honor and privilege to be chosen to represent the fine people. I will represent my city, my state, and the United States of America to the best of my abilities and promote understanding and friendship throughout the whole world.

I am sure that if all persons had the opportunity to be an exchange student there would be a better understanding between the nations of the world, for only through understanding can world peace be accomplished.

Thank you.

Yours truly,
Cheryl Smock

Gift of Hospitality . . .

The things which make most places burgeon big in the human imagination are things which people have done there. There are exceptions, of course — the Grand Canyon, sunsets, solitude — but the "values added by humans," like the value added to raw materials by manufacture into useful goods, is often the great worth.

Usually the great event is past — Repentigny's seignory at Sault Ste. Marie, the founding of the Mission of St. Ignace by Father Marquette (1671), the Massacre at Mackinaw — and the chief actors can no longer be met personally.

But there is a great satisfaction for most people in going to historically important places, or even to places where nature is just beautiful — and associate themselves with the past or the present in varying forms.

Such adventures have made travel one of the greatest of human pleasures and the tourist business one of the giants of commerce. Most communities have come to understand that there's money to be made in the entertaining of paying guests and they set their hats to attract visitors. The business of entertainment is a huge one and some communities are very good at it and greatly enriched thereby, and some just take it out in wishing that people would come and fill their hotels and motels and theaters and restaurants to over-flowing and make the town bust with business.

People who want visitors should say to themselves: "If I were touring, would I come here and stay a few days and enjoy myself so much that I'd write chirpy postcards to my friends and want to come back after I got home?"

The most enduring memory of a travel destination is often not its chief attraction. Long after the visitor has forgotten what Stephen Foster's cabin at Bardonia, Kentucky, looks like he may remember a good meal in the town and an aura of gracious welcome that fits well with the legend of Fosterian Dixie and helps make it come to life.

Hospitality is the richest resource of tourist towns. One rich in this quality can hope to do quite well with no fame for having been the birthplace of Custer, or the burial place of Yellow Knife.

Some persons seem born with this gracious quality and lucky the community that has a lot of them. But it is really a quality of the mind and so can be cultivated as successfully as tolerance or cooperation.

Michigan Week, being observed this week, marks today as Hospitality Day and reminds the public in many ways that this old virtue is very much in place in the modern world and that the area which cultivates it both enriches itself and makes itself more attractive to visitors.

It costs nothing to be hospitable and it makes joy everywhere.

Moose Lodge Activities

On Sunday, May 17th the District Meeting was held at the lodge.

Some fine ideas were exchanged along with an election. The new officers were elected.

Chairman, Charles Pemberton, both from the Grayling Lodge, and Ray Jones of Ludington as Secretary. Again Grayling lodge had the largest representation. But being held in the home lodge would account for a lot of it. The definite place and time of the next meeting will be announced later. It will either be Ludington on July 11 or Reed City on July 12th.

Word was received that Ben Smith passed away Tuesday morning in Detroit. Ben was a fine member and our deepest sympathies go out to his family. Also word was received Tuesday that Pete Failing was operated on in Flint on Tuesday. We hope you're feeling fine, Pete.

On Friday, we had our regular meeting with a social meeting afterwards. The next meeting is June 14th at 8:00 p.m. sharp.

Saturday night was Birthday night, which saw a very large crowd at the club. A lot of visiting lodges were represented. A few of them were Holly, Ionia, West Branch, Muskegon. We were also honored to hear a few numbers played by "The Mystics" who were guests. Our own band did a very

fine job of entertaining also.

The Ritual team will go to Holly on Saturday, May 23rd for an enrollment at 8 p.m. at the lodge there. The team is looking forward to a very good time, remembering the last time they were there, and the fact that the two lodges' friendship is very close.

A large number of members went to West Branch Sunday after the district meeting to help them celebrate their first birthday. The lodge received a very nice letter of thanks for helping them for the past year and an invitation, that the lodge was happy to accept. The West Branch lodge is growing to be one of the finest lodges in the state. They deserve hearty congratulations.

After only two weeks of our Building Fund, it has risen to a total of \$226.00 as of Sunday afternoon.

Some material has been delivered, and work has started on remodeling. New steps are to be poured this week, and the enclosure of the porch is to have been started.

Any one willing to help either a couple hours during the week, or weekends may contact John Galloway, who is Building Chairman, or Homer King, or Frank Owens, who are overseers for our project. We would like to have the band stand completed in the very near future, so that we can finish the rest of our projects early this summer.

The lodge is growing very rapidly at the present time and we need the extra room.

The Ritual team has received the ties and pens that members have been asking for, so if you haven't gotten one yet, you should do so right away. The pens are almost gone again, already. The proceeds are used for traveling expenses for the team.

Big Challenge in Recreation

Michigan's big push in outdoor recreation has put an all-time premium on land and water. Scenes and signs like these tell the gist of this challenge. In the wake of today's recreation explosion, there looms a rather wide gap between leisure-time demands and present facilities as seen last year when more than 43,000 families had to be turned away from state parks. The state parks bonding program has been a good "starter" in meeting part of the outdoor challenge, but a much bigger effort must be made to answer long-range needs. More work also needs to be done to provide sportsmen in southern Michigan with larger areas for public hunting. As the March 15-21 National Wildlife Week theme states, "America Needs Outdoor Recreation—Act Now To Provide For The Future."—Mich. Dept. of Conservation

A sprinkler system at the football field was again discussed. A motion by Bishop, seconded by Millikin, authorized the superintendent to purchase an automatic reel-type sprinkler and have the necessary faucet installed. Motion carried.

The superintendent advised the board he had purchased a ditto machine, typewriter, projector and other supplies for the new school and would ask for bids for janitorial supplies and a scrubbing machine.

SIXTH GRADE NEWS

Last Friday afternoon we had a
program for our mothers and pre-
sented each one with a carnation
and the scrapbooks and History
Booklet we had made during the
winter months. Then our mothers
gave us a lovely party of punch and
cookies. Our room mothers, Mrs.
Leonard Knibbs and Mrs. James
Post, had complete charge of the
party and we enjoyed it very much.

They had a serving table all de-
corated with white linen tablecloth,
tall pink lighted candles, and a
centerpiece of beautiful spring
flowers. The girls served the cook-
ies and mints and nuts from glass
and silver containers. We had
seventeen mothers come to our
entertainment. We thank our moth-
ers for coming and our room moth-
ers for planning the lovely party.

This week we are busy making
our room attractive for Michigan
Week.

Some of the boys and girls made
a mural of "Spring" for the front
of our room and it looks very nice.

MICHIGAN MY MICHIGAN

The following is how Michigan
Week is being observed in the Gray-
ling Public School from the Kind-
ergarten through the Sixth grades.
Michigan Week in the Kindergarten
All year the kindergarten classes
have stressed the number of stars
in the newest flag, and the corres-
ponding number of states in "the
republic for which it stands."
Since St. Patrick's Day we have
been interested in the number of
different countries represented,
even in our own class. Lately we
have discussed the customs that
we have inherited from other lands,
and concentrated on the Tulip Fes-
tival in Holland, Michigan. Now,
in summing up the year's work,
we are memorizing the following:
"HOME SWEET HOME"

Fifty white stars shining in our
banner's field of blue.
In fifty states the boys and girls
salute the colors, too;
And some live on the mountain,
and some live by the lake,
And some live on the island where
Pacific rollers break.
O'wonderful, those fifty states that
call that flag their own,
But we love Michigan the best, for
that's our "Home, Sweet
Home."

Katherine E. Funck
Margo Smith

Michigan Week in the First Grades

We have brought five things from
home about Michigan. We have
been talking about the following
things concerning Michigan: Shape,
water boundaries, two peninsulas,
big bridge, county-city, rivers near
our home, what people do, crops
and sports, big cities, what we
manufacture, animals, flag, Gov-
ernor, and the Capitol. We have
learned to spell MICHIGAN.

Mrs. Edson
We are making a chart of some
of the main products found in
Michigan. We are also writing a
short story of some of the attrac-
tions of Michigan. Besides the chil-
dren are bringing pictures and maps
to put on the bulletin board.

Mrs. Fenton.

Second Grade Observing Michigan Week

We are observing Michigan Week
by general discussions of Michi-
gan and our own community activ-
ities. We will color maps of Michi-
gan, apple blossoms and robins.
Students will bring in pictures of
interesting places in Michigan for
our Bulletin Board.

Mrs. Robertson
No one knows how long ago In-
dians came here, or where from.
Some people think Indians came
across the Bering Straits between
Siberia and Alaska, but they can't
prove it. Indians didn't write it
down or leave pictures to tell any-
one.

The Second Grade is studying a-
bout the ones who moved south
into Canada and the United States
with special mention and study
focused on the Great Lakes region
and our state of Michigan.

Mrs. Slater

Michigan Week Observed by Third Grade

The third graders have read
"Exploring Michigan." The boys
and girls especially enjoyed the
chapters about early days in the
Michigan Country.

We have been "Exploring Michi-
gan." From this study we have
learned many interesting things
concerning our state. We have
drawn pictures and written a short
story of some phase of Michigan,
such as: The Beginning of the
State, Mining and Minerals, The
Things Michigan Leads In, Lum-
bering, The Early Ports, Automob-
iles of Michigan, and Things

Made in Michigan.

Mrs. Ruth Caid

Michigan Week in the Fourth Grade
We will study Michigan road
maps and distances.

Mrs. Giegling
We will be having a Michigan
quiz and study the old lumbering
days and early history of Michi-
gan.

Mrs. Sales

Michigan Week in the Fifth Grade
We are making three dimension
pictures of interesting places and
activities of Michigan. Our bulletin
board displays pictures of the
history of Michigan.

We have a potted white pine,
some apple blossoms and many
pictures of robins. For English we
are writing paragraphs on "Why
I Like Michigan."

Miss Douglas
We have a bulletin board on
Michigan. We, along with Miss
Douglas' room, have learned the
song "Michigan My Michigan." We
are also practicing a choral read-
ing which we will tape record.

Mrs. Bovee

Michigan Week in the Sixth Grade

For Michigan Week we have the
white pine tree, a centerpiece of
apple blossoms and a robin dis-
play on our library table.

Our bulletin boards are covered
with pictures and writings of Michi-
gan. In English we are writing
series of "What Grayling has done
for Michigan." And we have Dia-
logue of History Facts that in-
cludes every child. In art class we
are drawing some of our favorite
tourists spots in Michigan. In Sel-
ence we are taking a Field Trip
to a lumbering region to study

kinds of trees, flowers and wild

Mrs. Ashton

In our class we are making a

right. It must be. After all, you don't get into third place in sales just by selling cars to rich people.

MICHIGAN WEEK

(Continued from Page One)

of his country during World War I. Original gift was some 8,000 acres, which included 85 acres of virgin white pine, one of the last remaining stands of this history making timber in the state. The East Branch of the Ausable River traverses the eastern edge of the project boundary.

Foot trails wind among the majestic pines and lead to the "chapel in the pines," the "Möhrarch pine," and the "old logging camp."

Hartwick Pines State Park is extremely popular with the traveling public as indicated by the 213,915 people who visited it in 1963.

Also, 2458 camping parties registered at Hartwick Pines.

The large log Memorial building near the entrance walk to the virgin pines has been remodeled into an interpretive center featuring the white pine and timbering industry in Michigan. Pictures, artifacts, mementos, old tools, and relics have been assembled in this building, together with the proper description and explanation, to bring to the visitor the understanding of the glorious history of the timber industry and lumbermen.

The new center seems like a most fitting addition to the park to further the purposes for which Mrs. Hartwick originally intended this park; that is, a living memorial to her husband; the potential value to future generations of this wonderful creation of nature; the preservation of the last fragment of the millions of acres of white pine which once covered Northern Michigan; the creation of a source of visual and spiritual enjoyment for the visitor, and to implant in the hearts of Michigan people a pride in the timbered glory which once was theirs, and an ambition to carry on the work of reforestation.

The amount of money the park contributes to local economy was estimated at \$391,000 in 1963.

Although the bird was not chosen as Michigan's official representative, the Kirkland warbler has returned in sizeable numbers to Crawford County just in time for Michigan Week. The singing males have been heard by several bird lovers in the past week.
